NOVEMBER 1, 2003 TO APRIL 30, 2004)	

O R D E R

Pursuant to Administrative Regulation 807 KAR 5:056, the Commission, on June 23, 2004, established this case to review and evaluate the operation of the fuel adjustment clause (“FAC”) of Kentucky Utilities Company (“KU”) for the six months ended April 30, 2004.

As part of this review, KU, pursuant to Commission Order, submitted certain information concerning its compliance with Administrative Regulation 807 KAR 5:056. A public hearing was held on September 16, 2004.

The Commission has previously established KU’s base fuel cost at 14.94 mills per Kwh.¹ A review of KU’s monthly fuel clause filings shows that the actual fuel cost incurred for the six-month period under review ranged from a low of 14.62 mills in January 2004 to a high of 16.14 mills in April 2004, with a six-month average of 15.43 mills.

¹ Case No. 2002-00433, An Examination by the Public Service Commission of the Application of the Fuel Adjustment Clause of Kentucky Utilities Company from November 1, 2000 to October 31, 2002, Order dated April 30, 2003.

The Commission, having considered the evidence of record and being otherwise sufficiently advised, finds no evidence of improper calculation or application of KU's FAC charges or improper fuel procurement practices.

IT IS THEREFORE ORDERED that the charges and credits billed by KU through its FAC for the period November 1, 2003 to April 30, 2004 are approved.

Done at Frankfort, Kentucky, this 29th day of October, 2004.
